All papers accepted for presentation at the Conference will be published in the appropriate Proceedings. The top papers submitted for award consideration will receive an award. In addition, the best papers, as determined by the referees, will be published in the appropriate Journal. We expect 25% of the papers submitted to the Conference to appear in the respective journals. Manuscripts which are not initially accepted for journal publication may be revised and resubmitted for further consideration. This is a practice which we sincerely encourage. Direct submission to any Journal is invited at any time. We do give preferential treatment to Conference registrants, as the primary financial support which our organization receives is from Conference registrations.
