'14th International [Conference On Agriculture And Horticulture](#)' is to be held during June 15th-16th in Valencia ,Spain is going to help the people who are related to AGRI-BASED industry and academia. This conference invites a common platform for Deans, Directors, Professors, Students, Research people and other participants including CEO, Consultant, Head of Management, Economist, Project Manager from business and industrial sectors across the world in order to establish a scientific relation between academic experts and other participants through sharing information about new technologies and latest scientific discoveries in Agriculture and Allied sector.

### Why to attend???

Agriculture and agricultural products are essential for all the humans on the earth. Food, shelter, energy, medicine and so many other things we are able to get from agriculture. People who are focused on learning about Agriculture Science and its advance technologies; this is the best opportunity to reach the largest assemblage of participants from the Agriculture Science and Horticulture community. Conduct workshops, symposiums, presentations, share information, meet with present and potential scientists who are doing many researches on agriculture science and allied fields, make a splash with new technologies and developments, and receive name recognition at this 2-days conference. Renowned speakers around the globe, the most recent techniques, developments, and the latest updates in Agriculture Science and allied sectors are hallmarks of this conference.

### Target Audience

- Agriculture Science Faculty, Students, Scientists
- Plant Science Faculty, Students, Scientists
- Animal Science Faculty, Students, Scientists
- Agricultural and Horticultural Universities
- Agro-Forestry and Landscaping Scientists
- Agriculture and Plant Associations and Societies
- [Agri-Business Entrepreneurs](#) – start ups
- Training Institutes
- Seed Science and Technology institutes
- Soil science and soil-plant nutrition
- Agriculture & Food Security Department
- Manufacturing Agricultural Machinery Companies
- R&D Department people

Speakers from all around the globe are going to be united to introduce the most advanced researchers and technologies in Agriculture and other allied fields. Agriculture and Horticulture conferences also provides a chance to conduct various events like workshops, symposiums and exhibition to emerge new possibilities in the Agricultural fields and other related sectors of agriculture. This conference will provide the sponsors for the live project demonstrations to share information in practical way, product promotion and make a connection with eminent persons and other customers to receive new business line for future marketing purpose.

By this conference, people can share their views and ideas and can improve their knowledge about the advanced techniques to increase the farm yield.

### Highlights of the Conference

- Agriculture Engineering
- Agriculture and Food Security
- Agronomy
- Crop Protection
- Soil Science
- Soil Fertility
- Organic Farming
- Fertilizers and Pesticides
- Food Science
- Plant Science
- Agricultural Biotechnology
- Horticulture
- Green House
- Agroforestry and Landscaping
- Weed Science
- Viticulture and Pomology
- Agricultural Waste Management
- Agricultural Extension
- Livestock / Animal Farming
- Hydroponics

Renowned speakers around the globe, the most recent techniques, developments, and the latest updates in Agriculture Science and allied sectors are hallmarks of this conference. Agriculture Congress 2020 will focus on advancements related to Agriculture Engineering , Agronomy ,Crop Protection , Soil Science , Organic Farming , Food Science , Agricultural Biotechnology , Horticulture , Agroforestry and Landscaping , Agricultural Extension , Animal Farming fields.
