

13th International Conference on Cancer Stem Cells and Oncology Research

Dr. Burkhard Brandt

European Expert in Clinical Chemistry and laboratory medicine (EC4), Clinical Chemistry, Universitätsklinikum Schleswig - Holstein | UKSH & Institute of Clinical Chemistry, Germany, E-mail: Burkhard.Brandt@uksh.de

THEME: "Hope against Hype - Cancer Stem cells & Oncology Research".

KEYWORDS: Cancer Stem Cells | Prostate Cancer Stem Cells | Colorectal Cancer Stem Cells | Therapies targeting Cancer | Stem Cells | Cancer Genomics | Metabolomics | [Oncology](#) | Cancer Care | Radiology | [Anti-Cancer](#) | Vaccine | Cancer Therapy | Therapeutic | Clinical Oncology | [Biomarker](#)

ABOUT THE CONFERENCE:

We extend our hearty welcome to all the participants to [CANCER STEM CELL](#) 2020 scheduled on May 25 – 26, 2020 at AMSTERDAM, NETHERLANDS with a theme "Hope against Hype – Cancer stem cells & Oncology Research". We organize [Global Events](#) with [Conferences](#), [Symposiums](#) and [Workshops](#) on [Medical](#), [Pharma](#), Engineering, [Science](#), Technology and Business.

We gladly welcome all the attendees around the world for the hearing of the foremost recent innovations and inventions in the field of cancer. This [Conference](#) will provide a place for the exchange of ideas and views by leading scientists, researchers and also from the academicians around the globe. There will be many outstanding keynote speakers and well known leading scientists and experts from various places of the globe to share their ideas and talk about various aspects related to the field of [Cancer stem cells](#). Our aim is to gather peer researchers, young scientists, academicians & industrialists to meet, discuss and share the ideas related to it and the knowledge that's still more to be revealed. We heartily encourage you to attend and contribute to one of the major [events of 2020](#) in the field of [Cancer stem cells](#). The [conference](#) will reveal the present and future aspects in the field of [Cancer stem cell](#) which are the need for instant and better [treatment](#).

Who and Why??

[Cancer Stem Cells – 2020 Conference](#) brings together the specialists from all the aspects to discuss about the future of Oncology and Cancer in today's world to thrive and survive with a better health. Directors specialists, Investigators, Post-Doctoral Fellows, Research and [Diagnostic Laboratories](#), Clinical Fellows, Students, Biomedical Research companies, [Healthcare Institutions](#), Market Research and Consulting Firms, [Pharmaceutical Companies](#) and all other interested participants willing to enhance and update the knowledge may attend the conference.

Cancer Stem Cells & Oncology:

The branch of health care that determines the safety & efficacy of medications, devices, and diagnostics and also treatments intended for human use is termed Clinical Research. These are

used for the treatment, prevention, diagnosis and relieving symptoms of the diseases. Clinical research may differ from clinical practice. Clinical Practice uses established process, whereas in case of clinical research evidence is collected for establishing the new treatment using "biological marker" i.e. Biomarker refers to the category of medical signs or say objective indications of the medical state which is observed from outside the patient – and is measured accurately.

Importance & Scope

Cancer is second leading cause of death worldwide. Treatments that work for some cancers don't work for the others and sometimes those treatments simply stop working and only a global search for answers will help us get to grip this disease. The conference will provide with an opportunity for the delegates from Universities and Institutes to interact with the world class Scientists and Industry Professionals working in the field of oncology.

Cancer stem cells 2020 will also explore the new ideas and concepts on global scale and the topics Cancer Science & Therapy, Cancer Cell Biology, Organ-Defined Cancers, Tumour Science, Cancer Genetics, Clinical Cancer Research, Cancer & Tumour Immunology, Cancer : Genomics & Metabolomics, Targeted Cancer Therapy, Stem Cell Therapy, Cancer Biomarkers, Cancer Nanotechnology, Cancer Treatment and Therapeutics, Cancer Clinical Trials, Cancer Case Reports, Cancer Drug Diagnostics & Therapeutics, Precision Medicine & Cancer Therapy, Cancer Management & Prevention, Economic Impact of Cancer Therapy.

Cancer Stem cells 2020 will encourage scientists and researchers & young researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea by felicitating them with the various Awards in their respective fields. The Main aim is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledge.

The Sponsor & Exhibitor in the Cancer Stem cells 2020 Conference will get chance to expose themselves to new clients, customer, business, brand awareness and media exposure. Our sponsorship has categorized with Premium Sponsorship Packages: Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Media Partner, Collaborator, Additional Sponsorship Packages and Advertisements.

Our Allied Academies categories seek to acknowledge Scientists, Researcher, Professor, Industrialists, and Students in various scientific fields who are making an outstanding contribution to the world of Science for the better and healthy future.

We have classified our recognition category in two:

Academic Awards (In Cancer Stem cells 2020):

Best Speaker Award –

This Speaker award seeks to recognise an individual who have demonstrated excellence when it comes to elaborating the presentation with an ease in Speaker Sessions through an on-going high-quality standard of his experience.

Best Research Award-

This Research award seeks to appreciate an individual or team who have displayed excellence when it comes to research in their respective area, with high-quality standard of their efforts to make it possible for new innovation.

Best Young Researcher Award-

This Young Researcher award seeks to encourage students in taking active part in the International Science platform to sharpen their skills and knowledge in their early stage of career graph.

Best Poster Award-

This Poster Award seeks to appreciate an individual who have displayed excellence when it comes to expose research in poster presentation category, with high-quality standard of their efforts to make it possible for new ideas & innovation.

Best E-Poster Award-

This E-Poster Award seeks to appreciate an individual who have displayed excellence when it comes to expose research in E-poster category.

Business Awards (In Cancer Stem cells 2020):

Best Sponsor Award-

This Sponsorship award seeks to recognise an individual company or organization that has supported our attendees or participants to improve their research, by providing an opportunity to expose their research in an innovative project or scheme.

Best Exhibitor Award-

This Exhibition award seeks to recognise an individual company that has exhibits their related Research ideas and products which has better future scope and helpful for our researchers and scientists in their respective field.

Best Collaborator Award-

This Collaboration award seeks to recognise an individual or team of organization who have collaborated with us to support each other professional growth and reputation and to be helpful for our attendees or participants.

Best Media Partner Award-

This Media Partnership award seeks to recognise an individual or team of organization who have made partnership with us to broadcast each other professional growth and reputation to be helpful for our attendees or participants.
