

2nd International Conference on Power and Energy

Tasuru Kaneko

Professor, Department of Power Engineering, Waseda University, Japan, E-mail: Tkanek@waseda.jp

We are glad to announce that our Conference “**1st International Conference on Power and Energy**” has culminated successfully on September 3-5, 2018 at Edinburgh, Scotland. Organized by Allied Academies with the theme of **Emerging Trends and Innovations in Power and Energy Engineering**

Allied Academies LLC Ltd coordinates 200+ International conferences across the sphere in view of knowledge transfer through debates, poster presentations, workshops, symposia, round table discussions and exhibitions.

The conference was initiated with the Excellence’s of the keynote Speakers and delivered their informative core sessions:

Title: *Digital grid – New grid architecture for renewable energy*

Rikiya Abe, Japan

Title: *Challenges and progress in wave energy technologies*

Dr.Wanan Sheng, Ireland

Title: *Semiconductor ionic materials for new generation fuel cells*

Bin Zhu, Sweden

After attaining our earlier conference, we received massive and enormous response and appreciations from the previous attendees and we are delightedly set forth to organize “**2nd International Conference on Power and Energy**” which will be held during August 17-18, 2020 at Frankfurt, Germany.

This Conference will provide a place for the exchange of ideas and glimpse by leading scientists, researchers and also from the academicians around the globe. There will be many outstanding keynote speakers and well known leading scientists and experts from various places of the globe to share their ideas and talk about various aspects related to the field of power energy. Our aim is to gather peer researchers, engineers, young scientists, academicians & industrialists to meet, discuss and share the ideas related to it and the knowledge that’s still more to be revealed. The conference will reveal the present and future aspects in the field of power energy.

Highlights of the Conference:

Power electronics | Energy harvesting | Green technology | Power system insulation | Power system insulation | Thermal and recycling | Biomass and eco-design | Power system protection | Envisioning the future energy system | Electricity storage and Energy efficiency | Nuclear Energy Safe Utilization | Nuclear Spent Fuel Management | Solar, wind, sea and hydroelectric energy | Lightning and electromagnetic transients | Sustainable energy production | Electromagnetic compatibility/Power quality | Power system dynamics, stability

*2nd International Conference On Power and Energy
August 17-18,2020 | Frankfurt, Germany*

and control | Power planning, diversity, reducing emissions | Renewable energy sources and storage devices

Supported Journals:

Allied Journal of Environmental Earth Sciences

<https://www.alliedacademies.org/allied-journal-of-environmental-earth-sciences/>

Our supporters include organizing committee members, editorial members of International journals and its associated journals, media partners, collaborators from various Internal Organizations and our past participants include doctors, scientists, nurses, researchers, and students.

“**2nd International Conference on Power and Energy**” will encourage scientists ,researchers, engineers & young researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea by felicitating them with the ‘[Best Speaker](#)’, ‘[Best Presenter](#)’, ‘[Best Research](#)’, ‘[Best Young Researcher](#)’ and The ‘[Best Poster Award](#)’ respectively. The Main aim is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledge.

The Sponsor & Exhibitor in **Power energy 2020** will get chance to expose themselves to new clients, customer, business, brand awareness and media exposure. Our sponsorship has categorized with [Premium Sponsorship Packages](#): Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, **Media Partner**, [Collaborator](#), Additional Sponsorship Packages and **Advertisements**.

Allied Academies is started in the year of 1994. The main target of this organization is to conduct conferences and publish articles within the realm of business and management. We are looking for young researchers, eminent persons from the academic and business executives to achieve success for the growth of the scientific community from all over the world. By 25 years of excellence, we supposed to provide the best keynote speaker, best speaker, and best poster awards and are facilitated with certificates.
