We are contended to the various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. As per the requests from our previous participants we are glad to introduce the ‘4th International Conference on Anesthesiologists and Surgeons’.

Bringing the series back with, Anesthesia 2020!

After much anticipation from our previous participants, we are organizing the “**4th International Conference on Anesthesiologists and Surgeons**” on July 13-14, 2020 to take place in Amsterdam, Netherlands.

The theme for [Anesthesia 2020](#) is: Emphasizing the developments in Anesthesia care and the future holds of Surgery

We hereby put forth [Anesthesia conference 2020](#) as an interdisciplinary program that meets the demand for education and development in the fields of Anesthesia and surgery.

CPC will provide you and your team with an unmissable opportunity to keep up to date with the latest pharmacy developments to help you improve patient outcomes. Our aim for this series is to administer an academic feast for all the practicing and non-practicing Anesthesiologists, Surgeons, anaesthesia trainees, Nurse anesthetist, Doctors, Medical Professionals, Medical Students and Bio-medical Engineers and

*Conference Anesthesiologists and Surgeons
July 13-14, 2020, Amsterdam, Netherlands*

to be a forum for extended discussions over assorted specialties and promising aspects in the field of Anesthesia, Surgery and related topics in order to promote development and education in the field.

With many more additions to the previous sessions our conference highlight for [Anesthesia congress](#) includes:

Anesthesiology, General Surgery, Cardiothoracic anesthesiology & surgery, Neurosurgical Anesthesiology, Ophthalmic Surgery & Ocular Anesthesia, Otorhinolaryngology Surgery, Dental Anesthesiology, Oral & Maxillofacial Surgery, Obstetrics - Gynaecological Surgery & Anesthesia, Urologic Surgery, Orthopedic Surgery, Pediatric anesthesia & Pediatric Surgery, Plastic surgery, Veterinary Anesthesia & Veterinary Surgery, Bariatric & Metabolic surgery, Microsurgery & Robotic Surgery, Anesthesia Technology & Monitoring, Anesthetic Implications & Management

The [Anesthesia meeting](#) deliberations focus on Surgery, Anesthesia and its sub-specialties and is designed to provide a platform for discussion and networking as well as to share new ideas, advancements and research related to the field.

This Academic event includes imperative Keynote forums, plenary presentations, poster presentations, workshops, exhibitions and more. By participating in forums, sharing research and collaborating, the research community will be much benefited.

Organized with the motive of accentuating the research with the help of international Anesthesiologists, surgeons, engineers and researchers by bringing together all the related experts and professionals under a single summit to emphasize the developments in Anesthesia care and the future holds of Surgery.

We welcome you all to connect, contribute and collaborate with Anesthesiologists and surgeons from around the globe in the [Amsterdam anesthesia summit](#), July 13-14, 2020
