[Asian Nursing Care 2020](#) aims to gather the Researchers, principal investigators, experts and researchers working under academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences. We hope that you will grasp this academic occasion to revitalize the enduring connections and flash with new peers around the globe.

We [Asian Nursing Care 2020](#), welcomes all the Nursing professionals on behalf of the organization Allied Academies. We feel very grateful and fortunate to appreciate the achievements of our talented researchers who have made their contribution to treating patients and also engaging in the researches which are helpful for future developments.

This Award program is organized to recognize the Senior researchers, professionals and young talents who have made an enormous impact on the Scientific community. Now, we have assembled here to appreciate all the research works done by our academic researchers and to benefit their hard work and principles which these awardees represent, like compassion and zeal for discovering the new progression in the health community.

Allied Academies acknowledge the devotion and overwhelming works in all academic and research fields. By identifying their contribution; AAC encourages and motivates scholars, researchers and academicians by giving AAC Global Best Researcher Awards along with other individual awards in all academic specialties and categories. These Awards involve a prestigious Award Certificate and Memento.

Our [Asian Nursing Care 2020 Conference](#) conducts many session highlights for the participants like, Keynote presentations, Plenary presentations, Poster presentations, Young Researcher presentations and also Video Presentations. And the awards are provided to recognize the participants who have made brilliant contributions to the field and to support active commitment for the advancement of the field as a whole..

This award should encourage and stimulate the participants to make an effort, to understand their fullest ability which could, in turn, be valuable to the field as a whole. The best presents are not only a witness to the individual's diligence, but they also have the potential to change the whole realm as they can take the advantage to create better strategies and or a new approach.

The marks provided by the Scientific Committee and the Congress Chair will be used to choose the attendee of these awards, and works with the top Scores that shall be suggested for the following awards:
