Accepted July 26, 2021

### About Conference

We welcome you to attend the **9<sup>th</sup> International Conference on Green Energy during September 13-14, 2021 at Prague, Czech Republic**. The relative novel nature of the conference is to bring the advancement in the field of utilization of natural resources. We cordially invite all the participants interested in sharing their knowledge and research in the arena of renewable energy and environmental sciences.

Green Energy Meet-2021 is the integration of new technologies in the field of environmental science to help Environmental Professionals harness the full potential of their practice. It involves the use of tools and technologies to achieve a certain degree of publicity and broaden the reach of the practice and the practitioner. The conference is a rare opportunity for all individuals of the environmental community to upgrade their know-how of the latest technologies and strategies.

### Why to Attend?

**Green Energy Meet-2021** has been designed with a twofold

objective in mind. The main theme of the conference is **“Generation of Energy Evolution for Sustainable Future”** which covers a wide range of critically important sessions.

The Conference aims at bringing the advancement in the field of Green Energy, Renewable Energy, Environmental Science, and Green Technologies and also lays a special emphasis at Educating and informing environmental researcher, industry professionals with the latest knowledge of technologies that can be applied to counter the economic under-evaluation ecologist may face in their practice.

To add to its promise, the venue of the event has been selected after much research to assure that the event is being held in one of the hotspots for the concerned field, therefore attendance is expected to be astounding, both in quality and quantity. The variety of prospective audience includes: figures of academic excellence, interested industrialists, Students, exhibitors and eminent faces from the world of marketing thus enabling the sponsors a unique chance to choose from a pool of outstanding scopes for expansion of their business, new project undertaking and recruitment.
