

## 12<sup>th</sup> International Conference on Clinical Immunology October 29, 2020 Webinar

### Editorial Note

We had a huge success with the completion of 12<sup>th</sup> **International Conference on Clinical Immunology Webinar** on October 29, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Pharmaceutical Sciences.

The conference was organized around the theme “*Enlightening novel clinical therapies for Immunological diseases*”. The congress entrenched a firm relation of future strategies in the field of Healthcare medicine.

We would like to thank accepted abstracts:

- Shalini Tanwar, Postdoctoral Research Fellow at National Institutes of Health, United States
- Junhua Wang, Immunology-Research Scientist, Institute for Infectious Diseases, University of Bern, Switzerland
- Eiman MA Mohammed, M.Sc. molecular biology, Kuwait Cancer Control Centre, Kuwait
- Babiker Saad, Faculty of Medical Laboratory Sciences, Microbiology, University of El Imam El Mahdi, Sudan
- Vidhi Berdia, Immunologist, Faculty of Biological Sciences University of Leeds, United Kingdom

We would like to thank each and every participant of Clinical Immunology Meet 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **Conference Series** Pharmaceutical Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Pharmaceutics. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Bio pharmaceutics.

We are also glad to announce our upcoming conference “13<sup>th</sup> International Conference on Clinical Immunology” scheduled on 2021

The topics to be discussed are Allergy, Epidemiology, Vaccine and Immunization, Covid-19 and Immune system, HIV, Autoimmune Diseases, Cancer Immunology and Immunotherapy, Ageing Immunology, Asthma and Pediatric Immunology.
