

Editorial Note for Clinical Research and Pharmacy:

Editor*

Dear Readers, I feel honored to announce the release of the next Volume of the Journal of Clinical Research and Pharmacy.

I would like to mention that during the year 2018, all issues of volume 1 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

AAJCRP Published 3 Research Articles, 1 Commentary and 1 Editorial in 2018. During the calendar year 2018, ACTS received a total of 11 papers, out of which 6 articles (60%) were rejected in the preliminary screening due to plagiarism or being out of the format as the motive is to publish only the original and novel researches maintaining the purity of the journal.

The research articles of 2018 involved the contribution of eminent author named as Dr. Basavaraj M Dinnimath, Department of Pharmaceutical Chemistry, Karnataka; Zenat Khired, Department of Orthopedics, Saudi Arabia; Oludare Temitope Osuntokun, Department of Microbiology, Nigeria and more.

In 2019, we were successful in releasing two eminent issues with quality papers. I take this opportunity to acknowledge the contribution of our reviewers during the final processing of articles published and the support rendered by the editorial Board Members bringing out issues of ACTS in time.

I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory of AAJCRP, the office bearers and staff for their support in bringing out yet another volume of AAJCRP and look forward to their unrelenting support to bring out the Volume 3 of AAJCRP in scheduled time.
