

Editorial Note for Journal of Integrative Neuroscience Research

I am pleased to mention that Journal of **Integrative Neuroscience Research** has successfully published 3 volumes well within the time and the print issues were also brought out and dispatched within 30 days of publishing the 3rd volume. Journal of Integrative Neuroscience Research brought about a number of Global Conferences in 2019 receiving numerous abstracts.

The journal is providing large scale integration of the neurological data and interpretation of the complex outcomes which is essential for the development of novel neuro-medical therapies related to the treatment of genetic disorders and neuro-infectious diseases such as Alzheimer's disease, Parkinson's disease, Down syndrome, meningitis, viral encephalitis, cerebral malaria etc.

Journal of Integrative Neuroscience Research accepts manuscripts in the form of original research article, review article, short communication, case report, letter-to-the-Editor and Editorials for publication in an open access platform. All the articles published in the journal can be accessed online without any subscription charges and will receive the benefit of extensive worldwide visibility. Processing of the articles will be done through the [Editorial Manager System](#) which will be easy to use for the authors and the publisher and will help in maintaining the quality of the peer review process and tracking the progress of the manuscript evaluation and publication in an automated way.

According to the Google Analytics, more than readers are visiting to our journal websites for submitting manuscripts, to browse the latest research published on neuroscience and to refer the published content for conceptualizing their research study, deriving research hypotheses, case reports and validating their contributions.

Readers from the major countries including United States, Japan, United Kingdom, India, Egypt and Nigeria visit our journal domain to learn about the ongoing research activities in this field. The promotion of the individual author contributions is taken care of and hence the authors enjoy the reputation among global audience.

During the year 2019, AAINR received a number of articles. Around 20% of the articles has been processed and published online. A total of 35 research scientists from all over the world contributed as reviewer in the journal. We have 9 Editors in the Editorial Board of the journal who actively contributed with their valuable services throughout the year for the publication of articles.

I take this opportunity to acknowledge the contribution of all the Editors during the final editing of articles published and the support in bringing out issues of AAINR in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the office bearers for their support in bringing out yet another volume of Integrative Neuroscience Research and look forward to their unrelenting support to bring out the Volume 4 of AAINR in scheduled time.
