2019

Sent Call for papers for the experts in the particular field. Approaching the Editors suggested eminent in particular sphere. Approaching potential reviewers on the basis of a number of factors such as expertise in the area of research for the peer review process. Maintaining the frequency of articles. Being in contact with authors Using Mobile phones to notify the article status.

Upgrade Journal

Articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited. We endeavor to upgrade readers for the respective article in various social media platforms like Twitter, Linked in, etc. We are posting the newly published articles through twitter. We are using Search Engine Optimization (SEO), by adding

major keywords in the article admin. We are also available to the authors through WhatsApp to respond fast. We can estimate the Readership Metrics by Google Analytics: Google Analytics Metrics for the [Journal of Psychology and Cognition](#)

Conclusion

Finally, International Journal of Psychology and Cognition would like to express sincere gratitude to each and every member for their valuable service in this Publication Process. We always look forward to work with many young scientists across the globe.
