

## Editorial Note on Journal of Advance Surgical Research

**Dear readers,**

I am pleased to mention that during the year 2019, all issues of volume 3 were published online well within the time and the print issue were also brought out and dispatched within 28 to 30 days publishing the issue online. The Journal of Advance Surgical Research welcome manuscripts in surgery, surgical pathophysiology, drug usage, new surgical techniques, Tissue culture, Microscopy, including confocal, Molecular biology space/equipment, Cellular respiration, Experimental surgery, surgical research. The editorial board of Journal of Advance Surgical Research shall strive to maintain highest standards of quality and ethics in its publication. Also we have a well affiliated and recognized Editorial team to our journal. All the members are so much cooperative. The editor in chief of the journal is Xiaolan Alice Fang, Department of Computational Biology, university of Genome Center, New York. The other editorial boards members are from ITALY, JAPAN, KOREA, USA, CANADA, SAUDI AREBIA, GREECE, CHINA, MALAYSIA, INDIA, ARGENTINA, SERBIA. The publication process of our journal is starts on the first day of the submission of the manuscript through online portal or email. After receiving of submitted manuscript, we upload it to our PreQc portal for the pre quality assessment, which take 24 hours of time to check the plagiarism report of the article. For the accepted paper we assign editors from our editorial board member who assign reviewer to review the paper. This peer review process takes 2-7 days of time. As the manuscript is accepted by the editor, all the article processing works are done and after 21 days the final galley proof is send to the author for any further correction along with the raised invoice. These whole process takes 28 days and after all the completing process the article become online in our journal website.

The Journal of Advance Surgical Research during this year also brought out 11th International conference on Otolaryngology: ENT Surgery conference proceeding, which consists of approximately 13 abstract.

The journal has Index China National Knowledge Infrastructure (CNKI), Secret Search Engine Labs. Globally the journal has the very good impact factor. The impact factor of AAASR is 0.256 in last 3 years.

During the calendar year 2018 and 2019 AAASR received total no of 15 article out of which 10 are accepted and 5 are rejected in the preliminary screening due to plagiarism or being out of format. During the year 2019 total no of 5 articles were subjected to the peer review process and out of these 3 are accepted and total number of 2 articles were published on the journal out of which 50% foreign authors. All issue of volume 3 publish during the year 2019, a total of 3 article were published from author all around the world. A total of 20 research scientists from all over the world reviewed the 3 articles published in volume 3. Average publication lag time of an article was further reduced to 2-3 weeks.

During the calendar year 2019, a total of 5 editors, 15 reviewers join the board of IPJBS and contribute their invaluable services towards their contribution as well as publication of articles.

I would like to take this opportunity to acknowledge the contribution of Dr. Xiaolan Alice Fang during the time of final editing of articles published and support rendered by the editorial assistant, (editorial assistant) in bringing out issue of AAASR in time. I would like to express my gratitude to all the authors, the reviewers, the editorial board member, the publishers, the advisory committee and the office bearer for their support in bringing out yet another volume of AAASR and look forward to their unrelenting support to bring out the volume 4 of AAASR in the schedule time.
