The 2nd Global Congress on [Bacteriology](#) and Infectious Diseases organized by Allied Academies boosted our gusto and laid a foundation for another [conference](#) in the coming year in the beautiful city [London](#), UK. We thoroughly enjoyed the success of Global Congress on Bacteriology and Infectious Diseases 2019 that was held in Bangkok, Thailand during June 12-13, 2019. Huge number of participants from around the world to speak at different sessions.

The conference started at 8:30 starting with [registration](#) and ended with poster session at 6:00 pm. The Session ongoing with Keynote talks by the eminent speakers like Dr. Desineni Subbaram Naidu, USA, Dr. Sujit K. Bhattacharya, India and Dr. Jose-Luis Diaz-Ortega from the reputed organizations and oral talks followed by poster presentations from the best and top ranked physicians from varied departments who are interrelated to this field. Research scholars, students and exhibitions are the special attractions who made the event alive through their doubts and researches.

Carrying these success vibes in heart & mind Allied Academies with 25 years of milestones in conferences moving ahead to Global Congress on Bacteriology and Infectious Diseases that is scheduled in London, UK in the month of March 23 & 24, 2020. Theme "Emerging Innovating Technologies and Efficacy in Infectious Diseases" integrates prompt keynote presentations, Oral talks, Poster displays and Exhibitions.

This meeting has been supported by the organizing committee members, editorial members of [Allied Academies](#) and its group journals.

### **The supporting journals include:**

1. Journal of Clinical Immunology and Infectious Diseases
2. Journal of Infectious Diseases & Preventive Medicine
3. Journal of immunology
4. Journal of Pathology and Diseases Biology
5. Journal of Bacteriology and infectious Diseases

Infectious Diseases Congress 2020 focus on Infectious Diseases, Bacterial and fungal Infections, Viral Infections, Neglected Tropical Diseases, Pediatric Infections, Antimicrobials, Antibiotics, Surgical site infections, Dental and Oral Infections, Food and Water borne Infections, Diagnosis of [Infectious Diseases](#), Hospital Infections, Epidemiology, Treatment Techniques, Sexually Transmitted Infections, Veterinary Infectious Diseases, Intra Vascular Therapy Clinical Diseases, Oncology, Plant Diseases and Fungal Infections, Ebola and Zika

viral Infections, Pharma Industry, Microbial Pathogenesis and Virulence and Infection Prevention and Control Guidelines.

This conference is the best platform for global networking and scientific interactions, which will result in a healthy society with a goal of disease-free world.

We have come up with an idea of honouring the presenters for their best lectures at the conference with the following:

1. Best Keynote Speaker
2. Best Speaker
3. Best Masters/Ph.D./Postdoc Thesis work presentation
4. Best Poster Award

Ultimate motto is to encourage and justify your eminence.

The Conference was Initiated with the Honourable presence of the keynote forum the list Includes:

- Title : Is It Possible To Treat Community And Nosocomial Bacterial Infections, Herpes Virus Infections, Dengue Virus, Fungus Infections And Leptospirosis With The Same Method And Without The Use Of Any Drugs?, Huang Wei Ling .MD, Medical Acupuncture and Pain Management Clinic, Brazil
