Young Researchers Forum - Young Scientist Awards Physiotherapy, Physical Rehabilitation and Sports Medicine 2020

Sanjay Eapen Samuel

Professor and Principal, Laxmi Memorial College of Physiotherapy, AJ Institute of Medical Sciences, Mangalore, India, E-mail: eapenss@yahoo.co.in

Allied Academies recognizes the efforts and contribution of scholars, researchers, academicians, and scientists in the field of medicine, science and technology by endowing them with prestigious awards like Best academician award, Best researcher award along with some other awards in different categories containing certificates and mementos.

Physiotherapy Congress 2020 is glad to announce the “6th Global Conference on Physiotherapy, Physical Rehabilitation and Sports Medicine” which focuses the current innovations, researches and trends in the Physiotherapy and Sports medicine. Physiotherapy Congress 2020 points too many attractive scientific sessions which relates to the field of Physiotherapy, Physical Rehabilitation, Sports Medicine, Exercises and treatments, Geriatric Physiotherapy and many more. Physiotherapy Congress 2020 will be organized with the theme “Consistent perspective for a prevalent living and longer life” on March 19-20, 2020 at Kuala Lumpur, Malaysia.

The conference mainly focuses on the recent advancements in Physiotherapy and its branches, Physical and Neuro-rehabilitation, Manual therapies, Yoga & Fitness, Geriatric Physical therapy, Women health and Physiotherapy, Integumentary Physiotherapy and many more.

The conference attendees & participants will get captivated with exceptional events and the specialists in various field and get a chance to pick up information in regard to the momentum look into. It gives stage to Scientists, PhD Scholars, seeking after alumni and understudy's representatives from the field of Physiotherapy to improve their abilities in each component of Physiotherapy Congress 2020.

Physiotherapy Congress 2020 will provide an opportunity to young researchers through the initiatives like Young Research Forum, Poster Presentation and Scientific Meetings.

All Submitted papers in Physiotherapy Congress 2020 will be published in Journal of Physical Therapy and Sports Medicine or Journal of Orthopedic Surgery and Rehabilitation or Neurophysiology Research regarding the topic with Unique DOI provided by Crossref.

The worldwide physiotherapy gear advertises is foreseen to develop from an expected US$ 14,972.1Mn before the finish of 2015 to US$ 23,750.9Mn by 2022 at a CAGR of 6.8% amid the gauge time frame. Key driving elements of this market incorporate developing geriatric populace base, undesirable way of life propensities and the nearness of positive government guidelines. The general market for wearable restorative contraptions was respected at $4.8 billion of each 2015. This market is required to increment from $5.5 billion of each 2016 to about $19.5 billion out of 2022 at a compound yearly improvement rate (CAGR) of 28.8% for 2016-2022. According to the WHO gauges, over 80% of the populace is relied upon to experience the ill effects of musculoskeletal issue amid their lifetime. Besides, normal musculoskeletal disarranges like lower back agony are the most well-known explanation behind patients visiting physiotherapists. Nervous system science section is relied upon to witness the most elevated CAGR amid the gauge time frame, inerferable from the expanding predominance of neurological issue, bringing issues to light, rising geriatric populace, and expanding extra cash. The general recovery robots’ market will make at a CAGR of around 23% by 2022. Rebuilding devises grandstand in Europe is depended upon to witness a drowsy improvement inerferable from decelerating money related advancement and human administrations industry. The gigantic R&D hypotheses by vendors have achieved quick inventive enhancements that will, in this way, brief the ascent of front-line recuperation robots. Asia-Pacific is anticipated to enlist the quickest development rate among all the provincial markets, because of the developing geriatric populace, expanding nature of consideration, high neglected needs, and developing mindfulness. The nations, similar to China and Japan, are probably going to fuel the interest for the physiotherapy hardware advertise. North America is probably going to hold its overwhelming position in the physiotherapy hardware advertise. Rising geriatric populace, exclusive expectation of consideration, and great government activities are driving the market development in this area. Furthermore, the European markets are additionally liable to extend step by step amid the estimate time frame.

Young Scientist Awards at Physiotherapy Congress 2020

Young Scientist awards are given to the researchers and research organizations throughout the world who have been credited with outstanding achievements and are making a significant contribution to the advancement of field of Diabetes and Endocrinology.

Serving as a source of inspiration, the awards help raise the profile of talented individuals and the organizations, in addition to the profession. A range of research awards is on offer to enable qualified investigators to carry out specific basic and clinical research projects – from young specialists to more established investigators. These awards provide an impetus to research activities undertaken by members and grant the distinguished applicants peer recognition and greater exposure.

The application for the 2020 Young Scientist Award is now accessible @ Physiotherapy Congress 2020
Accepted abstracts will be published in the *Journal of Physical Therapy and Sports Medicine* with a unique DOI Number.

**Benefits:**

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field of Diabetes and Endocrinology.
- Share the ideas with both eminent researchers and mentors.
- It’s a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

**Eligibility:**

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Under 35yrs
- All submissions must be in English.

**Physiotherapy Congress 2020** provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It’s your time to grab the opportunity to join **Physiotherapy Congress 2020** for promoting your research article and to facilitate prestigious award in all categories.

In this fame, we look forward for your contribution and astonishing dedication to make our **Physiotherapy Congress 2020** more successful.

Proposals for nominations should be sent to William Parker at physiotherapy@alliedevents.org

**Note: Deadline for Earlybird Registrations 28th Feb 2020**

Best Regards
