Multiple level transpedicular fixation of lumbar spine with PILF, TLIF, OLIF AND ALIF 360 FUSIONS and FIXATION improve the mobility and general activity and full recovery for thoraco lumbar and sacral degenerative

Muhammad Qazafi Memon

Universal Hospital, UAE

The author for this technical report to establish the feasibility of performing the multi levels Transpedicular Fixation of Lumbar Spine with PILP, TLIF, OLIF and ALIF 360 FUSION AND FIXATION improve the mobilizing and general activity and full recovery Thoraco Lumbar and Sacral degenerative spine disease.

First few cases: cervical spondylotic degenerative multiple disc disease and with severe bilateral sciatica, mechanical pain, radiculopathy and spondylolesthesis at Lumbosacral area then have done Four Level Fixation with PILF and TLIF

Second few cases: Lumbar spondylolesthesis degenerative multiple disc disease, spinal stenosis and lumbosacral spondylolesthesis at lumbosacral area with bilateral sciatica and mechanical pain, radiculopathy and then I have done Five Level Fixation from L2 to S1 Transpedicular Fixation with TLIF, PLIF and OLIF

Third case: Lumbar spondylotic degenerative multiple disc disease and spinal stenosis at multiple level and lumbosacral spondylolesthesis at more than one level with bilateral sciatica and mechanical pain ,radiculopathy and then I have done Six Level Fixation from L1 to S1 Level Transpedicular Fixation with TLIF, PLIF and OLIF

Fourth Cases: With Thoraco Lumbar spondylotic degenerative multiple disc disease and spinal stenosis and Lumbar spondylolesthesis at more than Two Levels with bilateral sciatica and mechanical pain and radiculopathy and I have done D11 to L4 Fixation.

Speaker Biography

Muhammad Qazafi Memon has completed MCPS in 2005 and FCPS in Neurosurgery at the age of 32 years from Liaquat National Hospital post graduate center form via college of physician and surgeons of Pakistan and he has done spinal fellowships from Georgia, USA. Muhammad Qazafi Memon was the head of department of Neurosurgery and Neuro Spinal department in PABM Hospital, Arar, KSA. Muhammad Qazafi Memon is doing MISS and Endoscopic Spinal Surgery and Complex 360 degrees spinal fixation in Universal Hospital Abu Dhabi and worked over multiple research papers of spine surgery.
