So, it is our immense joy to invite all the colleagues/associates to unite us in the esteemed Infectious Disease Conference.

Best YRF Presentation Award

From Allied Academies, we Infectious Disease Congress feels very respected and fortunate to acknowledge the accomplishments of our brilliant researchers who have made their research work more interesting and helpful for future developments. This Award program is held to recognize the senior researchers, professionals and young talents who have made an enormous contribution to the scientific community.

This award should inspire and motivate students to attempt, to understand their fullest ability which could, in turn, be helpful to the field as a whole. Epic masterpieces are not only a witness to the individual’s hard work, but they also have the capability to alter the whole world as they can take the lead to formulate better policies and or a new mindset.

The Best YRF Award will be presented to an enrolled scholar or Student, who is considered to present the best student paper at the Infectious 2020 Conference. This award is built on the scores given by the assessment committee to each and every student's presentations. The Organizing Committee and the Session Chair along with Co-chair decides the final determination on who receives this award.

Join with us to network with your peers. We welcome your generous presence, support and encouragement towards Infectious Disease Conference.

Looking forward to see you in Singapore!!
