

13th International Conference on Vascular Dementia and Dementia, February 19-20, 2020 | Paris, France

Tammi McGill-Carter

The Chicago School of Professional Psychology\r\nUSA, E-mail: clinicalneuroscientist21@gmail.com

The conference offers emerging academic awards to outstanding researchers, outstanding graduates or early academics with distinctive enthusiasm for the themes of the [conference](#). The Award aims at providing early career academics with a good professional development opportunity— meeting field experts, communicating with colleagues from other parts of the world, and networking

Out Standing Award

The award to the experts who made outstanding contributions to [Neuroscience's](#) progress. It is the conference's most prestigious award and is tagged as the Achievement Award for Scientific Service. The eligibility criteria for this award is that you should have at least 20 + years of public or private sector related experience. This award should be given to the recipient

Excellence Award

The conference is presenting the Scholar Level Award for future scientists, researchers and experts with 10 + years of neuroscience research experience. Our conference aims to provide the best platform for expanding your network by sharing your on-stage research knowledge. Presentation includes 25-30 minutes of oral discussion on the topics of scientific research based on the conference theme

Best Keynote Speaker

This award recognizes the best keynote speaker who will present their projects, strategies and schemes to improve long-term excellence in [neuroscience](#). If you have been confirmed by the program manager as a keynote speaker, you can nominate someone who deserves the award online.

Best Poster Presentation

In order to encourage students and graduates to present their original research, the Student Poster Competition is organized at the Conference. All approved abstracts will be discussed during the conference at the poster sessions. The aim of the Conference Series is to set up a platform for all budding scientists and researchers to present their work in real time and share their views and themes

Award recognizes Masters / Ph. D./Post Ph.D

This award recognizes Masters / Ph. D./Post Ph.D. thesis work [Presentation](#) that will present their projects and thesis implemented to improve long-term excellence in the field of neuroscience. You can nominate online deserving of the award. You may nominate anyone online who deserves the honor.

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Vascular Dementia and Dementia, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Allied Academies cordially invites Young Researchers from Universities/Institutes/Industries to present a short oral presentation during the forum. These oral presentations should be of 10 minutes duration in related scientific track followed by 5 minutes question hour. Therefore, presenters are encouraged to give comprehensive and dynamic talks. Applications will be selected based on past [research](#) productivity and future promise.

Student Poster Competition is organized at the conference, to encourage students and recent graduates to present their original research which will be later published in the conference Journals. All accepted abstracts will be presented at the poster sessions during the conference. The conference mainly aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference.
