

## 2020 Conference Announcement on 3<sup>rd</sup> International Conference on Central Nervous System & Therapeutics

**Dr. Tammi McGill-Carter**

Neuropsychiatrist, Private Practice, USA, E-mail: [clinicalneuroscientist21@gmail.com](mailto:clinicalneuroscientist21@gmail.com)

We exuberantly and enthusiastically welcome all the delegates, speakers, exhibitors, sponsors and other participants from across the globe to participate in the [3<sup>rd</sup> International Conference on Central Nervous System and Therapeutics](#) which is scheduled to be held at **Amsterdam, Netherlands** during **March 25-26, 2020**, at Amsterdam, Netherlands.

After the grand success of [CNS 2019](#), we enthusiastically and expectantly invite you all for the “[3<sup>rd</sup> International Conference on Central Nervous System and Therapeutics](#)” which is scheduled to be held on **March 25-26, 2020**, at **Amsterdam, Netherlands** with the theme “*Reviving Innovations in Treatment of CNS Disorders*”.

This year we forecast more participants to interchange their valuable knowledge with the ingenious theme of “**Reviving Innovations in Treatment of CNS Disorders**”.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world-class Scientists. The intending participants can confirm their participation by registering for the [CNS](#) conference along with their colleagues. This Conference will provide a forum for the exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from around the globe will be expected to share their knowledge at this [CNS](#) Summit.

Tie your hand with us to enhance your experiences on the theme of the conference and catalyze the future exchange of knowledge to develop and celebrate a new healthy world.

We have the pleasure to invite and welcome you for the participation in our exciting [Central Nervous system \(CNS\)](#) conference. Let us meet in one of the most glorious cities in the world.

We ebulliently and amiably invite all delegates, speakers, exhibitors, and sponsors from across the globe to participate in the “[3<sup>rd</sup> International Conference on Central Nervous System and Therapeutics](#)” which is going to be held during **March 25-26, 2020**, at **Amsterdam, Netherlands**

### Who can attend?

[Neurologists](#), [Neurosurgeons](#), [Neurooncologist](#), [Neurophysiologists](#), [Neuropsychologists](#), [Neurologist](#), [Neuroradiologist](#), [Neuro-Pathologists](#), [Rehabilitation Specialists](#), [Nurses](#), [Neuroscience Researchers](#) and Students from academia in the research of [CNS Disorders](#) and [Neurology](#). Directors, Head of Department, Professors, Industrial Researchers, Academicians, Scientists

### Scientific Sessions

#### Session on Central Nervous System Disorders

[Central Nervous system \(CNS\)](#) plays a major role in awareness, movements, sensations, thoughts, speech and memory. It is responsible for integrating sensory information and responding accordingly. The [spinal cord](#) serves as a conduit for signals between the [brain](#) and the rest of the body. It also controls simple musculoskeletal reflexes without input from the [brain](#). The disorders that affect the [brain](#) and [spinal cord](#) are known as [CNS Disorders](#). The global [CNS](#) therapeutic market is expected to reach USD 128.9 billion by 2025. The main aim of this [CNS conference](#) is to understand the parts of [CNS](#) and their [disorders](#).

#### Related Conferences:

[5<sup>th</sup> European Congress of Neuro Rehabilitation](#), Oct 09-12, 2019, Budapest, Hungary; [The 58th International Spinal Cord Injury Society Annual Scientific Meeting](#) Nov 05-07, 2019, Nice, France; [28th Israel Society For Neuroscience Annual Meeting](#) Jan 05-07 Jan 2020, Eilat, Israel; [American Clinical Neurophysiology Society Annual Meeting](#) Feb 05-09, 2020, New Orleans, United States; [34th European Neurology Congress](#) June 24-25, 2020, Zurich, Switzerland;

#### Related Associations:

[European Federation of Neurological Association \(EFNA\)](#), [Brain and Spine Foundation](#), [American Academy of Neurology](#), [American Association of Neurological Surgeons](#), [Bulgarian Society of Neurology](#), [Spanish Society of Neurology](#), [Stroke Association](#), [International Brain Injury Association](#), [British Neuroscience Associations](#).

#### Session on Cognitive Neurology

[Cognitive neuroscience](#) is the scientific field that is concerned with the study of the biological processes and aspects that underlie cognition, with a specific focus on the [neural connections](#) in the [brain](#) which are involved in [mental](#) processes. This session focuses on Introduction to [Cognitive Neuroscience](#), [Cognitive Assessment](#), [Clinical Presentation](#), [Treatment](#), and [Management Issues](#).

The conference has been conscientiously planned to fulfill the glorifying standards of our attendees and thus provides a fortunate forum that ensures thought-provoking and the path-breaking researches on [Central Nervous System](#) being conducted across the globe.

Our main motto is to stimulate the progress of efforts to explain the unblemished science behind the riddle of [Central Nervous System](#), their diagnosis, treatment and management including of an active seminar about the recent advances in the arena of Vascular Dementia.

Our last series of event 2<sup>nd</sup> International Conference on [Central Nervous System](#) and Therapeutics happened during June 10-11, 2019 at Edinburgh, Scotland with the theme “Reviving Innovations in Treatment of CNS Disorders” Overwhelmed response and active participation was received from the Organizing Committee Members of the conference along with the leading academic scientists, researchers, research scholars, students and academicians from the fields of Neurology, Neuroscience and neuro therapeutics who made this event a splendid success.

This year we forecast more participants to interchange their valuable knowledge with the ingenious theme of “Reviving Innovations in Treatment of CNS Disorders”.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world-class Scientists. The intending participants can confirm their participation by registering for the CNS conference along with their colleagues. This Conference will provide a forum for the exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from around the globe will be expected to share their knowledge at this CNS Summit.

Tie your hand with us to enhance your experiences on the theme of the conference and catalyze the future exchange of knowledge to develop and celebrate a new healthy world.

We have the pleasure to invite and welcome you for the participation in our exciting Central Nervous system (CNS) conference. Let us meet in one of the most glorious cities in the world.

The CNS Conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honorable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk and testimonials received from the attendees were;

“Conjoin us at [Central Nervous System 2020](#)”

**Contact Details:**

For details about the conference visit our official website: <http://cns.alliedacademies.com/>

For general queries you can contact to [cns@neurologymeeting.com](mailto:cns@neurologymeeting.com)

For queries regarding abstract submission, registration you can drop a mail to [cns@alliedforums.org](mailto:cns@alliedforums.org)
