

# 9th International Conference on Neurological Disorders and Stroke, February 28-29, 2020 | Rome, Italy

Uqbah Iqbal

Life Planner, Suite P4, Level 31, AIA Cap Square Tower, Jalan Munshi Abdullah, 50100 Golden Triangle, Kuala Lumpur, Malaysia, E-mail: [clinicalneuroscientist21@gmail.com](mailto:clinicalneuroscientist21@gmail.com)

**Stroke** 2020 primarily focuses for a destination to entrap research centres, associations, and organizations which are more prominently engaged in [neurological disorders](#) and [stroke](#). This event will compile world level [Neurologists](#), Psychiatrists, [Neurosurgeons](#), clinical physicians, researchers, Directors, Professors, and Students from academia. It will also bring Government officials and global leaders together to establish innovative ideas in the [Neurology](#) department.

Presently, Germany, the U.K., France, Switzerland, Italy, and Spain are the leading countries in the neurological disorder drugs market. The market study indicates that Switzerland will offer several growth opportunities in the overall medical market as awareness of these life-altering diseases grows.

EU Joint Programme on [Neurodegenerative](#) Disease Research (JPND) gather 30 countries to increase the research and development by changing the research modalities, programmes and approaches. This has resulted in the creation of the largest global collaboration in the [neuroscience](#) field and represents an innovative approach to finding causes, developing treatment and finding appropriate techniques and methods to care for the people with [neurodegenerative](#) disease.

### Importance and Scope:

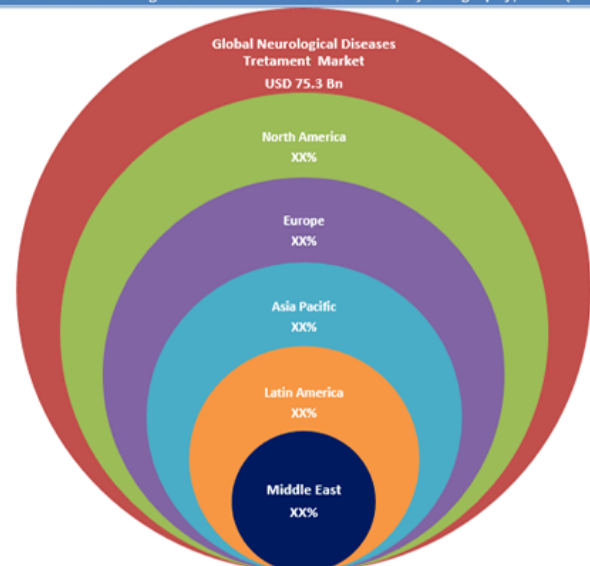

The vital goal of **Stroke** 2020 is to build up an efficient platform for the scientists, [neurologists](#), research scholars, principal investigators, and industry experts to exchange their practical experiences in the field of [Neuroscience](#) and [stroke](#). This forum will impart meeting and collaboration of the experts in neurology, physicians, researchers, and academics to endeavour new diagnosing techniques, management and prevention of [stroke](#) patients.

The major goal of this conference is to explore and inculcate new idea and techniques for [neurological](#) diseases and [stroke](#). **Stroke** 2020 will conduct symposia, workshops, and other significant events in the diagnosis and management of the [stroke](#) and [neurological disorders](#).

World Health Organization (WHO) has manifested the [cerebrovascular diseases](#) as a [stroke](#), headache or a migraine which is the most common cause in most patients. Across the globe, around 80% of the patients with [cerebrovascular diseases](#) are manifesting these symptoms.

The market for [neurological disease](#) treatment is a diversified and most competitive sector possess a huge number of competitors. The major competitors are Teva Pharmaceutical Industries Ltd., Boehringer Ingelheim GmbH, GlaxoSmithKline plc., Astra Zeneca, Merck & Co., Bayer AG, and F-Hoffmann-La Roche Ltd., among others.

Global Neurological Diseases Treatment Market, By Geography, 2016 (USD Bn)

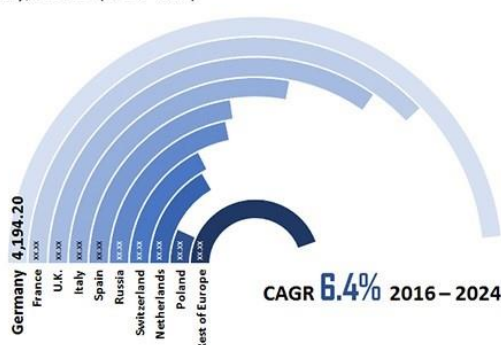

### Why Italy?

Italy is the country meant for its art and architecture like the Colosseum and Leaning Tower of Pisa with 40 million tourist visitors annually. A few of the other tourist attractions include the Venice Canals, Pompeii, Lake Como, Amalfi Coast, Florence Duomo Santa Maria del Fiore, Cinque Terre, Vatican City, The Uffizi Gallery, St. Mark's Basilica, Pantheon, Roman Forum, Milan Duomo, Capri and so on. Apart from this the Naples, the small islands in the Tyrrhenian, Florence, Venice, Ligurian and Amalfi rivieras, the coastal resorts, islands or the Alpine hills and lakes, the northern Adriatic coast, Abruzzo National Park, the Dolomites, Gran Paradiso National Park and the Emerald Coast of Sardinia and Sicily.

Italy is the home for the renowned and breakthrough innovations of the world and Hence Allied Academies organized its series of International congress in this world-class destination. In the past two decades, Allied Academies organized hundreds of Medical and Engineering conferences with the remarkable achievement in Italy.

### Europe Neurological Disorder Drugs Market Revenue

By Country, 2016 (US\$ Mn)

## *Market Analysis-2020*

### **Target Audience:**

Neurologists  
Neurosurgeons  
Psychiatrists  
Professors  
Researchers  
Neuroscientists  
Clinical Neurologists  
Geriatricians  
Speech and Language Therapists  
Spine Researchers and Surgeons  
Spine Specialists  
Occupational Therapists  
Physiotherapists  
Cognitive Behavioural Therapists  
Healthcare Professionals  
Rehabilitation Nurses
