Editorial Note

We are very much delighted to mention all of you that we have completed our 3rd successful year in the Anesthesiology and Clinical Science Research. Over the past 3 years we have spread our wings across the globe and have collaborated with many scholars, researchers and budding scientific community who has contributed to our growth and success. Our combined continuous efforts has received a tremendous response and attracted billions of readers across the globe.

During the year 2019, all issues of volume 3 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Anesthesiology and Clinical Science Research has published articles related to Local anesthesia, General anesthesia, Obstetric anesthesia, Modern trends, Critical care and trauma medicine, Intensive care, Anesthesia management, Responses to anesthesia, Anesthetics administration, Anesthetics efficacy, Pre-operative counseling, Mechanisms of action, Postoperative pain management, Preoperative care and evaluation, Post-anesthesia care, Anesthesia risk, Emergency medicine, Anesthetics and pharmacology, Emerging technologies, Tools and equipment.

From the Google Analytics of this journal, More than 3,423 readers are visiting our our journal websites for submitting manuscripts.

Out of all the papers published Most of the papers were from United States of America, India . Average publication lag time of an article was further reduced to 45 days.

The Timeline of processing from Submission to Publication is 45 days. Manuscript will be published within 7days of acceptance. Between Acceptance and publication , the papers under per review process up to 21 days.

We develop this journal for awareness and to help many peoples and students.

Now anesthesiology is one of the major things in our study life and research life.

Anesthesiology and Clinical Science Research is an International peer reviewed, open access journal that provides wide range of knowledge on current on-going practice and research for Local anesthesia, General anesthesia, Obstetric anesthesia, Modern trends, Critical care and trauma medicine, Intensive care, Anesthesia management. The journal creates a platform for the authors to contribute through their research and scholarly outputs.

Now a days, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide. This year 2020 we will focus on communicating with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Face book, My Live Chart, WhatsApp. We post the upcoming Issue and Journal highlights and current research works in social networks, So that all the members can work on the research and submit their papers. We promote published articles to the social media.

On behalf of the Allied Academies Publishing AAACSR Editorial Board and the whole Editorial Office, I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Advanced Practices in Nursing, the office bearers and staff for their support in bringing out yet another volume of Anesthesiology and Clinical Science Research and look forward to their unrelenting support to bring out the Volume 5 of Anesthesiology and Clinical Science Research in scheduled time.
