

Medical Summit and Expo on Healthcare and Medicine

Dr. Ibrahim Mashaal

El-Mahalla General Hospital, Egypt, E-mail: ibrahim.mashaal@yahoo.com

Following on from the success of the third series of Healthcare conference, which was attended by healthcare professionals worldwide, we are well pleased to announce the return of the professionals in Healthcare to **Dubai, UAE, on 13-14 April 2020** for attending our next series **4th International Conference on Healthcare and Health Management.**

Health 2020 Conference will continue to showcase the most crucial issues in healthcare and their relation to the future of medical and broad healthcare leadership and management.

The participants of Dubai Health 2020 Conference will have the opportunity to learn with the other fellow partners about the future opportunities and challenges in healthcare, participate in interactive workshops to improve their leadership effectiveness; can network with healthcare partners across all specialties and career stages and can share, discuss solutions to improve healthcare provision in their workstation.

Health 2020 global meeting is a scientific platform that aims to accomplish the perception through interdisciplinary engagement of scientists, academics, researchers, educators and health-care professionals to explore the system-wide challenges of worldwide health in the areas of communicable diseases, non-communicable diseases, maternal, newborn, and child health, universal health coverage, environmental health, public health, occupational health, reproductive health, substance abuse, health-care workforce, global health security, healthcare ethics, medical science, global health education. The conference aim is to

bring together leading medical practitioners, academic researchers and industry leaders from various medical and health science specialties to share their experiences in their ongoing careers. It is based on the belief that inter-medical networking is crucial now than ever.

This international scientific colloquy also encourages the active participation of seed stage researchers, young students, as we are hosting, student presentation award competition, Poster Award Competition and Young research Forum at the meeting venue. Exhibitors on any field of Healthcare are most welcome. The scientific sessions which are about to be explored at Medical Science 2020 Conference are Public Health & Epidemiology, Mental Health & Psychology, Internal Medicine, Anaesthesiology, Neurology, Dermatology, Alternative Medicine, Ophthalmology, General Surgery, Cardiology, Oncology, Obstetrics & Gynaecology, Pediatrics, Nursing Care, Pathology & Microbiology, Pharmacology & Drug Discovery, Genetics and Epigenetics, Therapy and Rehabilitation, Nutrition and Health, Sports Medicine, Healthcare Management and **Endocrinology. These sessions are presented in various session formats for an engaging educational experience, such as clinical case presentations, interactive workshops and debates. The theme of Comprehensive Forum for Furtherance of Health and Medicine that emphasizes on the advancements in about 23 medical disciplines, hand-picking few of the most sought-after industries currently.**
