

World Congress on Preventive Oncology

Ibrahim Mashaal

Consultant, Department of Obstetrics and Gynecology, El-Mahalla General Hospital, Egypt. E-mail: ibrahim.mashaal@yahoo.com

The World Congress on [Preventive Oncology](#) opens [Young Researchers Forum](#) a platform for medical and Ph.D. students, Research Fellows, Post-Doctoral researchers, and anyone who considers themselves a young researcher to present their research work alongside others in the international [Oncologist](#) community. The Forum hopes to offer young researchers an opportunity to convene and discuss research topics and policies, share and propose ideas, and gain knowledge from fellow scholars.

The World Congress on [Preventive Oncology](#) is scheduled on September 30 -October 01, 2020 in Edinburgh, Scotland. Interested researchers must submit their abstract before August 25, 2020 which will be reviewed by the Scientific Committee. Applications will be selected based on past research yield and potential future prospect. Selected authors will be notified through e-mail who must confirm their participation by completing the registration before September 05, 2020.

Submissions on case studies and innovative topics are particularly encouraged. Both oral and poster presentations are welcome. Oral presentations should be of 10-15 minutes duration in related scientific track followed by 5 minutes question hour. Therefore, researchers are encouraged to submit innovative and quality research work. The forum would also like to encourage students to participate as delegates and encompass themselves in the innovative discussion of current research scenario.

[Preventive Oncology 2020](#) introduces [Young Researcher Awards 2020](#) to encourage the young research community for their excellent contributions towards the scientific community and for the betterment in the field of Women Health, through the Preventive Oncology 2020 Conference. The awards will be decided after careful evaluation and paper reading, and the best of the flock will be chosen meticulously. The Young Researcher Award will be given to the author of an exceptional idea presented at the Young Researchers Forum. All the YRF presenters are eligible for the [Preventive Oncology 2020-Young Researcher Award](#).

Criteria or eligibility to participate as a Young Researchers are as follows:

Participant should be 33 years old or younger. None of the participant should hold senior position of faculty position. This program is mainly focussed for young investigators like Post-Graduate students, Post-doctoral fellows, trainees, junior research fellow. All submission must be in English. Each participant can submit only one paper (as first author or co-author). Group Delegate participants can avail group registration benefits, when participated as a group of 5+

members.

Types of Submissions

Oral/Paper: Presenting an ongoing or previously unpublished work, goals, preliminary results, planned next steps, and industrial impacts of an ongoing research through a 15-20 minutes presentation.

Poster Presentation: outlining (preferably more mature) research of young researchers, detailed in a poster, who would like to actively engage in the forum.

The prize-winning papers will be considered for publication in the Allied Academies Publishing Group journals once the paper is subjected to standard review procedures.

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to preventiveoncology@alliedconferences.org along with the online application form.
