

World Nursing 2020 Announcement

Dr. Umesh Prabhu,

Medical Director of Bury NHS Trust ,UK, E-mail: pupprabhu101@yahoo.com

We had successfully finished the previous conference in an auspicious way 2nd World Congress on Nursing & Health care with the theme of The Role of Nursing in Leading and Advancing Global Health was held on March 27-28, 2019 at Amsterdam, Netherlands by Allied academics

This World Nursing 2019 was created a best platform for [Nursing Researchers, Students](#), Professors, Doctors, and Nursing Lecturers and this conference had brought new innovations & challenges in cancer nursing ,dental nursing, midwifery, oncology nursing and so many etc...

This previous [Nursing conference](#) had created so many contacts & brought awareness on Nursing education & Health care. 2019 conference was the world's largest international gathering of registered nurses, nurse practitioners, physicians, doctors, clinicians, researchers and scientists in the field of Nursing and Healthcare. This conference was provided the ideal forum to discuss the latest discoveries. Some health related manufacturing companies attended at our previous conference and they explained about their latest products how do useful this society & they conducted so many workshops also.

We had received so many complements & great amount positive response from the organizing members, speakers, delegates finally who had participated at our conference So many speakers, delegates they said congrats heart fully.

This conference was inaugurated by keynote speech Bikova Pepa Medical University Sofia, Bulgaria with organization of "Nursing care in patients with chronic diseases in primary health care".

Uche M.Nwabueze (2019) Texas A&M University at Galveston, Texas USA with "The evidence of successful implementation of tqm in health care organizations".

Here we happy to announce the 3rd World congress on Nursing education & Primary healthcare which will be held during April 13-14,2020 Osaka, Japan with the theme of current challenges & innovations in nursing education & Health care by 25 years of excellence Allied academics.

This upcoming conference will focused on current challenges & innovations in nursing education & Health care.
