Get Recognized as the Best Young Researcher

[Nursing Care Conference Committee](#) is excited to announce our prestigious award for talented Young, scientists, researchers, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty by giving them an opportunity to showcase their talent in our congress.

The Young Researchers' Forum (YRF) is a very interesting part of our event which will be taking place as a separate session at the conference. The YRF event for [Nursing Care Meet](#) is a merge of the YRF day which is organized as a part of the Nursing conference.

The Young Research Forum session is for postgraduate students and early career researchers from any field related to Nursing, Healthcare, Public Health that incorporates all the new methods, researches, and innovations. This session is also specifically arranged to provide all the youngsters with the opportunity to present their work in a very supportive, friendly forum and to receive good feedback and encouragement from mentors and peers.

Also in recognition of their outstanding contribution towards our conference theme. The Young Research participation and awards make every effort in providing a strong professional development opportunity for students who are in their first step of early-career academicians by meeting all worldwide experts to exchange and share their experiences on all aspects of Nursing and Healthcare.

Nursing Care aims to give attention to the Young Researchers Forum so as to inspire and bring together all the young researchers in the field of Nursing and Healthcare. Our Conference provides a vibrant place for discussing potential and present ongoing research at any stage, from idea to results. This congress also strives to provide a friendly environment to allow all the young researchers to get feedback on their work, exchange knowledge, experience, ask questions, explore pathways open to them.

In addition, the forum also brings a lot of interaction between young researchers, experienced researchers, and scientists in the Nursing and Healthcare industry. We hope this would be a huge motivation and inspiration to all the students, researches out there.
